neural crest cell migration (GO:0001755) neural crest cell development (GO:0014032) ameboidal-type cell migration (GO:0001667) antigen processing and presentation of exogenous peptide antigen via MHC class I, TAP-independent (GO:0002480) cellular response to interferon-gamma (GO:0071346) regulation of fatty acid oxidation (GO:0046320)

interferon-gamma-mediated signaling pathway (GO:0060333)

autonomic nervous system development (GO:0048483)

sympathetic nervous system development (GO:0048485)

mammary gland development (GO:0030879)
